
Student **Cindy Rachell Ramírez García** stands out as a talented and committed young woman in the Systems Engineering career. Their responsibility is evident in the quality and punctuality of each of their works, demonstrating organization, discipline and a firm academic ethic. Furthermore, he stands out for his proactive attitude: he constantly seeks new opportunities to learn, improve his skills and provide creative solutions to the technical challenges that arise in the subjects.

Attentively,

Ing. Timotea Guadalupe Menjivar

Full-time Lecturer

Gerardo Barrios University, CRU
